Message from the Dean

As the Dean of the Faculty of Management, Social Sciences and Humanities, I warmly welcome the new batch of students, both officer cadets and day-scholars joining the Department of Social Sciences of our Faculty.

While congratulating you all for being selected to join the prestigious Defence University for completing your dream of higher education, I earnestly request every one of you to spend the next couple of years of your life with a great deal of responsibility. Be determined to be fully dedicated to your role as university students from day one. Quickly learn the difference between school education and university education. Please remember that you will be reading for a degree at the university, and hence you need to spend more time for gathering knowledge through extra reading, discussions, projects and collective work with colleagues.

The lecturing panel of the Department will do their best to guide you through the curriculum. However, it is your responsibility to grasp the necessary knowledge through hard and dedicated work. In this sense, it is also necessary for you to sharpen your English language and IT skills too. Therefore, spend some extra time on them. Quickly identify your weaknesses and improve them as early as possible, so that you will get good grades at exams.

Higher education is not just getting a degree certificate. You need to develop yourselves into responsible citizens or independent adults with intellectual skills to solve problems, and especially as students of social sciences you must train yourselves to address social issues. In order to do so, you must enhance your social skills. So, make use of the multiple opportunities available at KDU for soft skill development such as sports, club activities, social and cultural events etc. .

Finally, I wish all of you an enjoyable learning experience at KDU where you will develop yourselves into good personalities with sound knowledge, skills and attitudes necessary to qualify for lucrative employment opportunities in the future..!

Grade Point Average (GPA)

The GPA is the credit weighted average of the grade points of value of all Course Units except NGPA Course Units taken in the degree programme. It is calculated for each semester (SGPA), for each year (YGPA) and for the entire degree programme (FGPA).

Index	Meaning	Purpose
SGPA	Cumulative GPA for a semester	To ascertain whether a student has or has not completed a particular semester
YGPA	Cumulative GPA for a year	To Ascertain whether a student can proceed to the following year.
FGPA	Cumulative GPA for the entire period of a degree programme	To ascertain the overall performance of a student in the degree programme, i.e. to determine a Pass, a 2 nd Lower, a 2 nd Upper or a 1 st Class

The GPA is calculated as follows.

$$GPA = \frac{\sum X_i Y_i}{\sum Y_i}$$

Where X_i = Grade Point Value of the Course Unit

Y_i = Number of credits of the Course Unit

Calculating Semester Grade Point Average (SGPA)

$$SGPA = \frac{\sum \text{Grade Point scored for the course unit} \times \text{Credit Value of the Course Unit}}{\text{Cumulative credit value of all GPA modules of the semester}}$$

The following is an example of the process of calculation of SGPA (Semester 1) of a Social Sciences student.

Course unit Code	Unit title	Course Type	Letter Grade earned	Earned GPV	Credit value	Earned GPV*Credit value
SS1113	Principles of Economics	GPA	A-	3.70	03	11.10
SS1122	Introduction to State, Society and Culture	GPA	B	3.00	02	6.00
SS1133	Introduction to Communication and Media Studies	GPA	B	3.00	03	9.00
SS1142	Fundamentals of Management	GPA	A+	4.00	02	8.00
SS1152	Fundamentals of Geography	GPA	B+	3.30	02	6.60
SS1162	Mathematics for Social Sciences	GPA	C	2.00	02	4.00
LS1112	English for Academic purposes I	GPA	D+	1.30	02	2.60
SS1182	Information & Communication Technology (ICT) Fundamentals	GPA	B+	3.30	02	6.60
TOTAL					18	53.90

$$\text{SGPA} = \frac{\text{Total Credit Points earned}}{\text{Total Credit Points available}}$$

Total No. of Credits	<u>53.90= 2.99</u>
	18

Calculating Year Grade Point Average (YGPA)

The Year GPA for a degree programme will be calculated for the fourth decimal place on the completion of two main semesters and the mid semester (if available) as follows:

YGPA

$$= \frac{\sum \text{Grade Point scored for the course unit} \times \text{Credit Value of the Course Unit}}{\text{Cumulative credit value of all GPA modules of the Year}}$$

Calculating Final Grade Point Average (FGPA)

The Final GPA for a degree programme will be calculated for the fourth decimal place on the completion of all requirements for such programmes as follows:

FGPA

$$= \frac{\sum \text{Grade Point scored for the course unit} \times \text{Credit Value of the Course Unit}}{\text{Cumulative credit value of all GPA modules of the degree programme}}$$

Criteria for Completing a Semester
